Fill out this form. Write explanations, not just “yes” or “no.” Let the form expand as long as you need it to. Turn this in on Blackboard by March 25, 2019 11:59 pm.

Question	Response
Describe your level of attendance, participation, and attentiveness in the class prior to spring break. Has your level of participation been sufficient to achieve your goals in the course so far?	
Describe how you plan to keep up with the course now that we have moved to a remote delivery format. Do you have all of the resources you need to access the course and to be successful?	
What attendance/participation grade would you give yourself at this point in the course? (A, B, C, D, or F?) Why? (Nothing you say is binding at this point. You will have another self-assessment to fill out at the end of the semester, and your grade can change completely between now and then.)	
Describe what changes, if any, you will make in your effort in the course to achieve an A for attendance/participation and to achieve the overall grade you are aiming for.	

Feel free to make any additional comments about the course here (I may not be able to respond to your feedback, but I read and take all feedback seriously):
